

# 1-DOF MANIPULATOR

Designed for working-class ROV to be used at underwater technical operations

Light weight, convenient for mounting on ROV and transportation

Capable to perform various captures and cable cutting

Voltage	24 V DC
Power	300 W
Operating depth	3000 m
Maximum depth rating	3500 m
Operating rod stroke	68 mm
Operating rod force	to 1500 kg
Length	690 mm
Diameter	150 mm
Weight in air	28 kg
Weight in water	22 kg
